

# Below ZERO Workshop

Where do dragonflies go when it the snow flies?

What keeps wood frogs from croaking in the winter?

How do polar bears find cold comfort in Arctic climes?

Most Canadians live with snow and ice for at least 5 months of the year yet we know very little about life in frozen environments! Come learn more!

Engaging, hands-on workshop

46 complete lesson plans that can be adapted for any age, grade or subject

Saturday Feb 4  
10am-4pm
